## Small business credit

GSA signed an MOU with SBA to submit program spend data at the department level for small business credit when eligible purchases are made with certified small businesses.

As a competitively awarded, multi-agency contract, the CP program offers participating agencies a higher buying priority across the eight awarded commercial platforms per FAR 8.004.

## Customer experience (CX) feedback loop

Insights collected from surveys, focus groups, and training demos inform future platform features and provide a window into an agency's use of the program.
